- Learn about how to get help from Medicaid with services that many of us need as we get older.
- There are resources available for people who have disabilities and age related limitations in Colorado.
- For example, do you know people can get help from Medicaid to get a ride to the grocery store, church, or to visit a friend if you qualify?
- CCDC will also discuss some upcoming changes to these programs and explain how you can get involved and have a say in what is offered in our communities in the future.
