1. I would like to volunteer at the library because I have always found the library as the best place to be. It has helped me grow and develop into the person I am today and I hope I can learn through this volunteering experience how the library provides such an outstanding outlet of education. I believe that volunteering here will allow me to see how hard people involved in the library work and how I can contribute to this hard work.
2. I have many hobbies. Some of them include reading, playing the violin, golfing, and snowboarding. I take part in any of these activities as much as I can. My work ethic in school can be shown through my 4.33 GPA. I am interested in science and plan on becoming a neurological research scientist one day. The library is one of the main sources that influenced me into my career decision. As for clubs, I am participating in Student Council, where I will be Student Body President this next year, National Honors Society, National Spanish Honors Society and PCC Upward Bound. In addition, I have taken part in the Leadership Institute that the library is hosting for young women leaders. Last year, I also attended the National Catholic Youth Conference and plan on attending several educational trips this summer.
3. I use the library in many ways. Most often, I use it for homework to study and research. It allows me access to an unlimited amount of information I can use towards my work, whether that be alone or in a group. I also use it for recreational reading as well. My favorite genre of recreational reading is fictional stories. It widens my imagination and allows me to expand my thoughts.
